Exit sign Centralised power supply systems

Wall mounting, Without monitoring, CPS, 22 m, IP40, Zinc die-cast, Stainless steel

Modern zinc die-cast emergency exit sign luminaire for surface mounting on the wall. Thanks to the wall bracket, the escape and emergency routes are identified at right angles to the wall. This can be done on either one or two sides.

It is part of the A series luminaire family, which provides solutions for any mounting and has won the German Design Award for its uniform, straight-line design.

The innovative integrated lens holder with a rapid fitting fixture permits the flexible use of various lens types. Using the right lens allows the distribution of light to be matched perfectly to the application and simplifies illumination which satisfies all relevant standards. A round lens and hall lens are supplied with every luminaire, allowing it to be adapted perfectly to the respective mounting situation. Other lenses, such as a spotlight lens, beam lens or H lens, are available as options.
