Emergency exit sign luminaire with plastic pane for surface mounting on the ceiling and for identifying emergency and escape routes. It is based on the design of the A series luminaire family, which provides solutions for any mounting and has won the German Design Award for its uniform, straight-line design. The luminaires are equipped with modern LED illuminants and provide flexibility through their interchangeable pictograms.

Control and monitoring via central 24 V low-power system. Two requested pictograms (arrow to the right, left, up, down or white) are supplied as standard.
