**Exit sign Centralised power supply systems**

**Recessed mounting, CoreCompact 24 (CC), CPS, 22 m, IP40, Plastic, white**

Emergency exit sign luminaire with plastic pane for surface mounting on the ceiling and for identifying emergency and escape routes. It is based on the design of the A series luminaire family, which provides solutions for any mounting and has won the German Design Award for its uniform, straight-line design. The luminaires are equipped with modern LED illuminants and provide flexibility through their interchangeable pictograms.

Control and monitoring via central 24 V low-power system. Display edge luminaire with integrated light distribution for even pictogram illumination. Suited to inscription on one or two sides. Planning certainty is provided by tool-free, variable use of the pictograms on site. A set of pictograms corresponding to DIN ISO 7010 (arrow to the right, left, up and down) is supplied as standard.
