

Art.-Nr: PMW529CC
Safety luminaire
Universal, CoreCompact 24, , IP65, Plastic, white

Polycarbonate LED emergency light with convex shaped hood for ceiling or wall mounting. Suitable for continuous or standby mode. For ease of installation, levelling screws are integrated to compensate for uneven surfaces.

The innovative integrated lens carrier with quick-mounting device enables the flexible use of different lens types depending on the application. The most versatile application in this luminaire has the corridor lens, which is already mounted. If necessary, the lenses can be easily replaced by lenses with the desired light distribution characteristics. With this flexibility, it is easy to adapt the luminaire to the installation situation.

In accordance to EN 60598-1, EN 60598-2-22 and EN 1838.
